Oceanside Collegiate Academy
Home of the Landsharks

Hello Landsharks!

The start of the school year is my favorite time of year! I love the anticipation of the first day and the fresh start it brings for everyone. You should have high hopes, lofty goals and the energy and enthusiasm to achieve them. My goal will be to help keep your spirit soaring whether its day 86, 113 and until the very last day of the school year.

This will be my sixteenth year serving as an educator. I hold a master's degree in 21st century teaching and learning and a secondary education principal certification. Most may not know me as a former athlete and high school field hockey and soccer coach but our model of elite academics and athletics spoke directly to me. I have been on Oceanside's journey since its inception. I understand the importance of maintaining our mission, keeping our students the priority and striving to make Oceanside the best school.

I grew up in the suburbs of Philadelphia, PA and have resided in Mount Pleasant for eleven years. You will see my husband, Dan and my son, Jack along with me at many OCA events maybe even our rescue dog Mako. As a family we enjoy boating, hiking, going to the beach, staying active, playing sports and family movie nights.

While I hope to share more with you, I look forward to getting to know our school community, parents, and students. Relationships are important to our school community and the staff and myself appreciate the unconditional support and positivity that makes our school so special.

I look forward to a productive year with you, our school family.
With gratitude,

Christina Brown
